

2020 Fresh Paint Days COVID-19 Guidelines & Suggestions

This document is designed to provide guidance to groups participating in Fresh Paint Days within their communities. First and foremost, thank you for having the willingness to enhance your neighborhood and community and choosing to apply for this program - your safety is of utmost concern to Keep Oklahoma Beautiful and should be your primary consideration when deciding to beautify your community.

You will need to determine if you are able to hold a group improvement event in your community based on your local guidelines. This is a personal decision that only you can make while taking into consideration your local COVID-19 guidelines. The following will identify factors that you should consider and exercise when making your decision:

Community Beautification - Safety First

1. **Keep Yourself Safe** - Wear personal protective equipment (i.e. masks and gloves)
2. **Stay Hydrated and Energized** - Single serve packaging of food and water are appropriate at this time. If using disposable cups filled from refillable containers, make sure disinfectant wipes are available and used to wipe off the water spigot/handle or outside of refillable containers between users. Keep in mind single use gloves are not effective unless changed prior to each activity.
3. **Physical Distance** - Keep a minimum of six feet away from other participants (unless you live or work with them on a regular basis) while painting your building. Please do not host an event larger than your community's current gathering guideline. The need for physical distancing is critical to stem off a resurgence of COVID-19.

4. **Keep your hands away from your face** - During and after your project, do not touch your face with gloved hands or hands that have not been washed and sanitized.

5. **Post-Painting Activities** -
 - a. If you used any equipment during the project, e.g. buckets, paint brushes, towels, powerwasher, wipe with a disinfectant cloth/wipe prior to storage.
 - b. Carefully remove gloves and other protective clothing. Immediately wash and sanitize
 - c. Wash and sanitize your hands

By participating in the Fresh Paint Days program, you acknowledge that you are participating at your own risk and can not hold Keep Oklahoma Beautiful or Sponsors accountable for potential COVID-19 contraction or injury. Thank you again for your consideration and drive to keep Oklahoma beautiful!
