

Student Environmental Champions

APRIL 8, 2026 | 10 A.M. - 12 P.M. | OKLAHOMA AQUARIUM

About the Event

Keep Oklahoma Beautiful's **Student Environmental Champions** luncheon honors Oklahoman students from across the state who compete in our art, science, and awareness contests focused on the environment and recycling. The second annual event will bring students together for a field trip to a unique educational venue where they receive awards, participate in hands-on programming, and celebrate alongside peers who share their passion for protecting our state's environment. High school and college winners receive scholarships to support their continued education. **We cover admission, lunch, and all programming so every student can participate regardless of their school's budget.**

COST TO PARTICIPATING SCHOOLS	COUNTIES WHO HAVE PARTICIPATED	STUDENTS RECOGNIZED	TOTAL STUDENT REACH
\$0	47	175+	5,000+

*We invite you to support this year's second annual **Student Environmental Champions** luncheon as a sponsor. Your investment directly funds scholarships, recognition, and a memorable day of learning for Oklahoma students leading environmental change in their communities.*

Cultivator - \$1,000

Provides awards and trophies for student winners across all grade categories, ensuring every young environmental leader receives lasting recognition for their work.

Nurturer - \$1,500

Covers lunch for all student attendees, removing financial barriers so every winner can celebrate their achievement regardless of their school's resources.

Changemaker - \$2,500

Funds one college scholarship for a high school or college winner and includes an invitation to present awards alongside students at the celebration, connecting you directly with the next generation of environmental leaders.
